MOMENT TABLES

MOMENT.
STRONG,
SLEEK,
STRUCTURED...
WHATEVER
YOUR STYLE,
CHOOSE
YOUR
MOMENT.

Moment is an elegant table system designed with cleanlined aesthetics and ease of use in mind. The range includes two leg options and is offered in a wide selection of finishes, footprints, worksurface profiles and sizes. Its simple under frame also allows users to sit to all sides; maximising all available space.

The intelligent construction enables Moment to be used individually or in large, multipiece formats - making it the perfect choice for training, conference, boardroom or lifestyle use.

MOMENT. TAPERED WOODEN LEG

The tapered wooden leg option is available in a Natural Beech or Dark Walnut. Both can be used to co-ordinate or contrast with the worksurface selections; helping you to make the statement you want.

The combination of strength and style underpins the Moment concept and provides specifiers with a truly adaptable family of products.

NEVER
A DULL
MOMENT.
A MODERN
TWIST ON A
CLASSIC
STYLE...

Having the right boardroom table sets a good impression for your business and provides the perfect setting for meetings and training sessions. The large format version of the Moment Table allows more users to convene around its practical, comfortable shape; with the addition of useful extras from the likes of cable management and power modules to stay connected.

EVERY
MOMENT
COUNTS...
WHETHER AT
WORK OR
PLAY.

Rich, deep colours and natural finishes help to create a warm, inviting feel that is accentuated by the tables' round, angled legs and subtle curves.

Softened shades and stylish seating can add sophistication to workplace surroundings.

MOMENT ANGLED STEEL LEG

The angled steel leg option is available in a selection of epoxy powder finishes that can be suited with other models from Gresham's extensive portfolio.

The clean, stripped-back look offers a 'no-nonsense' approach that can be used in the most demanding of environments whilst offering all of Moment's benefits.

FROM ONE
MOMENT
TO THE
NEXT...
CO-ORDINATED,
CLEVER,
CURRENT.

Sophistication meets practicality with the multi-functional Moment Table. Design a sleek, contemporary office space with the clean silhouette of the steel leg or a warm and inviting feel with a wooden leg. No matter the environment you crave to create, Moment has the ability to blend into its surroundings flawlessly.

ONE MOMENT
PLEASE...
VIBRANT,
VERSATILE,
VARIED.

Whether working collaboratively with colleagues or on your own, Moment can bridge the gap between meeting and work space.

Using bright colour ways and selecting worksurface edge details adds fun to the mix and can bring your studio to life.

RELAX,
CONFER,
RE-CHARGE.
JUST A
MOMENT
TO SPARE.

With the demand for power on-the-go, whether it's wireless charging where you need it most or plug and play power modules, we seamlessly integrate units into the table top to create a premium feel and enhanced experience, forming an easily accessible power outlet which reduces the hazard of cables across the workplace floor.

**TAKE A
MOMENT...**
DISCREET,
DIVERGENT,
DISTINCT.

Whether simple or refined, Moment has been designed to meet your present and future needs; offering optional cable control and a selection of in-desk service modules.

Power, data and comms can be supplied directly to your device - keeping everything to hand.
