

Frank Keane Motors

Project by M2 Office Interiors Ireland
Canteen Revamp: A Fresh Space for Dining and
Collaboration

BACKGROUND

M2 Office Interiors Ireland recently completed an interior fitout project for Frank Keane Motors, transforming their canteen into a functional and stylish space.

ABOUT THE PROJECT

M2 Office Interiors team enhanced the atmosphere of Frank Keane Motor's office canteen. The project balanced aesthetics with practicality, creating a comfortable and efficient workspace.

The redesign included Bisley lockers for secure storage, a sleek Robin table by EOL Designs, and modern seating with Actiu Whass Cantilever Canteen Chairs and Whass Stools with metal legs. Fluffo Soft Hexa acoustic wall panels were installed, improving both style and sound absorption.

RESULTS

At M2 Office, we're committed to perfection in every aspect! This canteen has been transformed into a modern, welcoming space with thoughtful yet significant updates. From stylish new furniture and acoustic panels to fresh finishes, every detail has made a remarkable impact on the overall atmosphere.
